buttercreekpoultry-rawpetfood.com

Due to the changes in our economy and the increased costs of raw materials and insurance, many of our suppliers have been forced to raise pricing on the majority of products and supplies. As a result of these increases, we have been forced to adjust the pricing on our products. Our new pricing will be effective immediately. We hope that all of you understand that this action is necessary. We will continue to strive to provide the best quality products and service for you our customers. Thank you for your continued business.
